PROSPECTUS

Shri Ram Narayan

FOUNDER SECRETARY

"Success is not a destination, it is a journey"

The uniqueness of RSV lies in characteristic blending of academic excellence with a religious atmosphere which moulds the conduct and character of the student community. The school sincerely believes that all round development of the personality of every child thus developed will enable them to serve the humanity at large and the community, society and the nation in particular.

Quality education is the only way to national development, survival and contributing to a better world order. The system of education gets changed and modified with the changing needs and aspirations of the society. The Indian system of education has a solid foundation. It incorporates relevant content and introduces innovations in education.

Individually and collectively, let's work to serve the cause of education, for the betterment of the coming generation so that they live in a world where knowledge is free and the head is held high. Where the world has not been broken up into fragments by narrow domestic walls. Let our boys and girls grow as world class citizens-a generation of eminent thinkers & wise planners contributing to a better world.

The school guarantees quality education by preparing the students for a bright, and productive future. Spiritual culture and value education is an integral part of education. The school is housed in a magnificent multistoried building equipped with all necessary equipments and modern facilities required to foster your child's learning.

The scientific and technological advances in the 21st century have impacted the education sector. The challenges they throw open to the educators are so dynamic and forceful that they not only need to be vigilant to upgrade their skills but also ensure stress free learning to the learners thereby making themselves and the learners life long learners. Besides, in recent years there has been a surge of interest in how children think and learn and their brain works. It is not enough to see our children as empty vessels to be filled with facts, skills and knowledge.

They are unlit fires just waiting for us to spark the touch paper and ignite an interest in thinking about how and why the world around them works. Our school endeavours to inspire and empower our students to be lifelong learners, critical thinkers and productive members of an everchanging global society.

CMD's Message

Subhash Swami

CMD

“Education is the most powerful weapon which you can use to change the world”

– Nelson Mandela

I would like to welcome you to this institution, having a legacy of academic excellence of more than 60 years. As the Principal of the school, I feel honoured and privileged to be part of an educational institution where every holder is a learner and every day is an opportunity to innovate and discover.

School plays a pivotal role in nurturing the unique talent that every child has, as well as in shaping their character. RSV is committed and oriented to build character, the decisions we make, responsibilities we accept, the way we teach the students to uphold the dignity of people with self-respect, which in turn leads to high esteem.

The school is provided with state-of-the-art infrastructure, like a well-equipped and modern library, laboratories with advanced instruments and modern class-rooms enabled with smart interactive panels for an enriching learning experience.

The educators have consistently adapted to changes and acquired various skills to facilitate inclusive learning. In the present times, imparting skill-based education will open employment avenues for the youth and lend opportunities for the young entrepreneurs.

Principal's and Academic Director's Message

“Education’s purpose is to replace an empty mind with an open one”

- Malcolm S. Forbes

We are delighted that you are considering RSV for your ward’s future. Education is about expanding the horizons of human experience and becoming inclusive. School’s focus in this long and glorious journey has always been, to develop students into well balanced individuals, who are ready to take on any challenge that come their way in life.

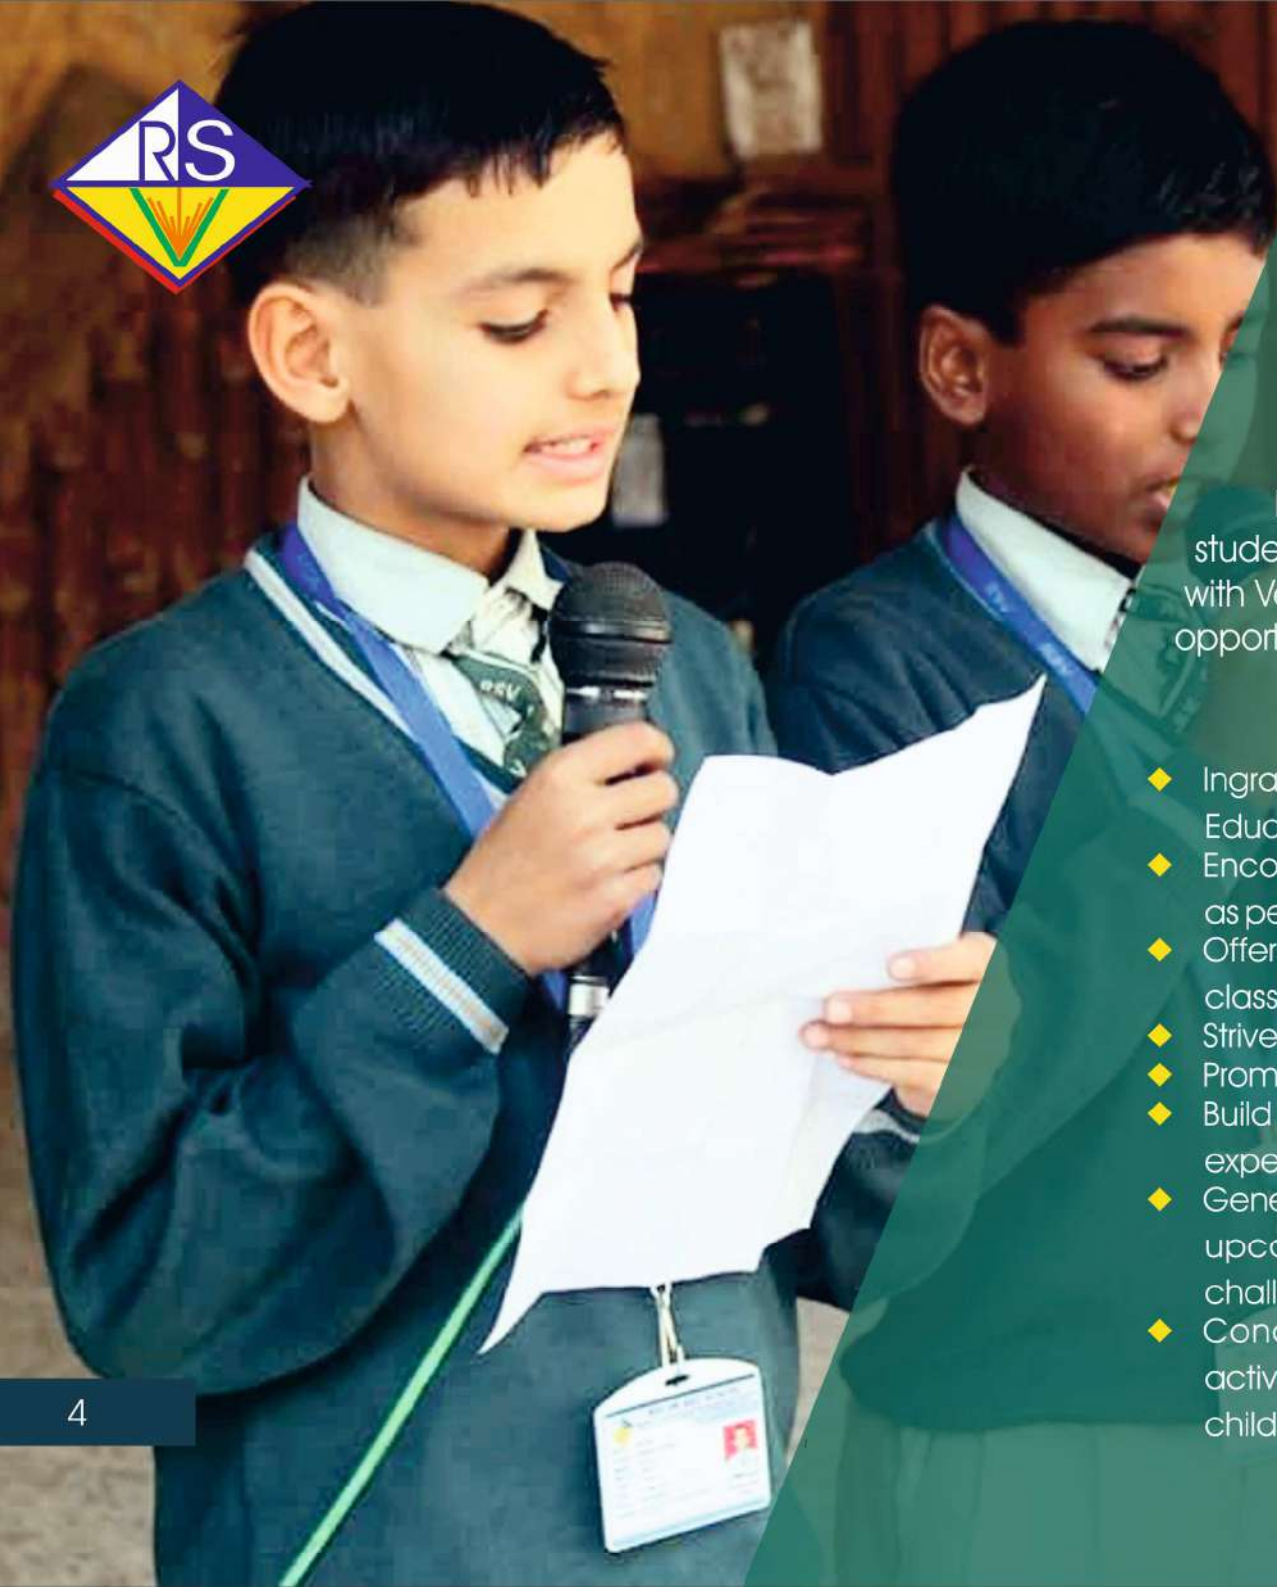

There is a spark of genius in every student which needs a teacher to kindle it. The values inculcated in the students in their formative years provide them a solid platform to achieve their goals and succeed in life. The subject competence provided by the well trained and affectionate staff motivates the students to excel with confidence.

We have always kept our pace with modern views and technology and at the same time deeply rooted with our rich Indian value system.

The Academic programme

The school is affiliated to Central Board of Secondary Education, New Delhi with effect from 1st April 2005 vide affiliation code no. 1730214. The medium of instruction in campus is English. However, we pay special attention on achieving high standards in Hindi and Sanskrit as well.

Pre Primary School Programme

The pre-primary curriculum sets the tone for learning by kindling the inherent curiosity in young children. At this stage, children are active and curious to explore, and love to play by engaging in activities that interest them. While the programme builds on pre-literacy and pre-numeracy skills, it also focuses on developing social and personal skills and critical and creative thinking. This being an important developmental stage that lays the foundation for lifelong learning, the young children deserve all the care and attention as they are initiated into this new world of learning.

Primary School Programme

Our primary programme provides a solid foundation for learning. The curriculum is designed in a way to provide fundamental skills in reading, writing and mathematics. Attention is paid to both subjective and intellectual aspects as well as to the overall development of pupils. The Primary School curriculum offers an exciting and creative learning environment, with an interdisciplinary appreciation of Languages.

Middle School Programme

At RSV, we believe that our focus on establishing positive relationships with students and parents/guardians is essential to a positive middle school experience. Our certified instructors provide one-on-one support to help students achieve success. This programme is designed for the phase which is characterized by the transition from childhood to adolescence. We focus on strengthening the knowledge, skills and competencies of the child through comprehensive, innovative and learning activities.

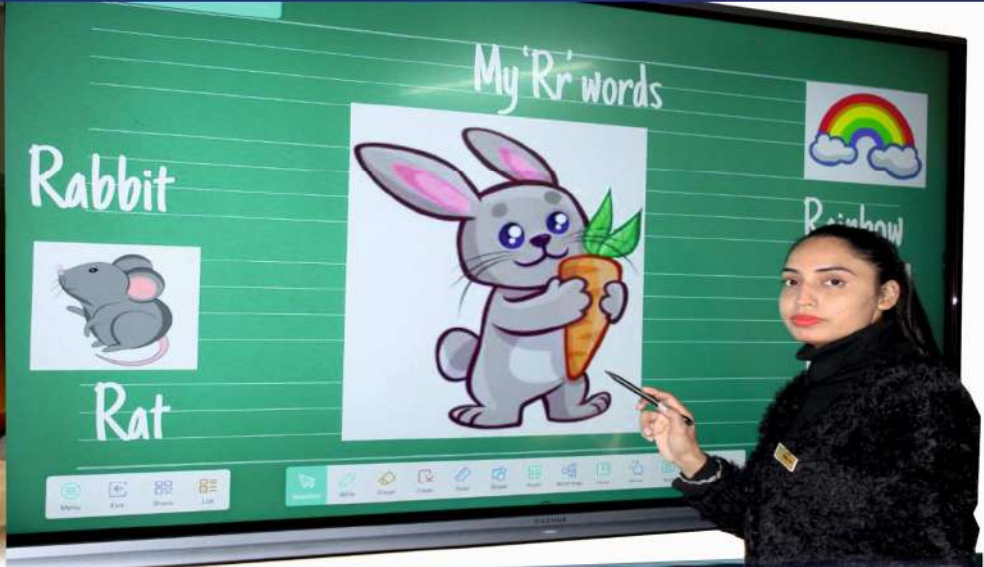

Secondary School Programme

Our Secondary school programme provides ample scope for physical, intellectual and social developments of the students. Emphasis is on strengthening application-based learning through assignments, discussions, projects, experiments etc. At the onset of Secondary school, we attempt to harness our students' natural strengths and bent of mind, and channel them through languages and subjects of their choice.

Sr. Sec. School Programme

Senior Secondary School students need to have a well-rounded, happy experience at school so they can learn independently, develop resilience, confidence and maturity before stepping out into the world. Senior School at RSV provides students the opportunity to identify their areas of strength and pursue an academic programme that is best suited to their learning style, inclination, and which is in alignment with their long term goals. The aim is to give the learner a sound foundation in conceptual knowledge and in the skills of application, analysis and higher order thinking. Depending on their area of interest, students can choose between Science, commerce and Humanities stream offered by the school.

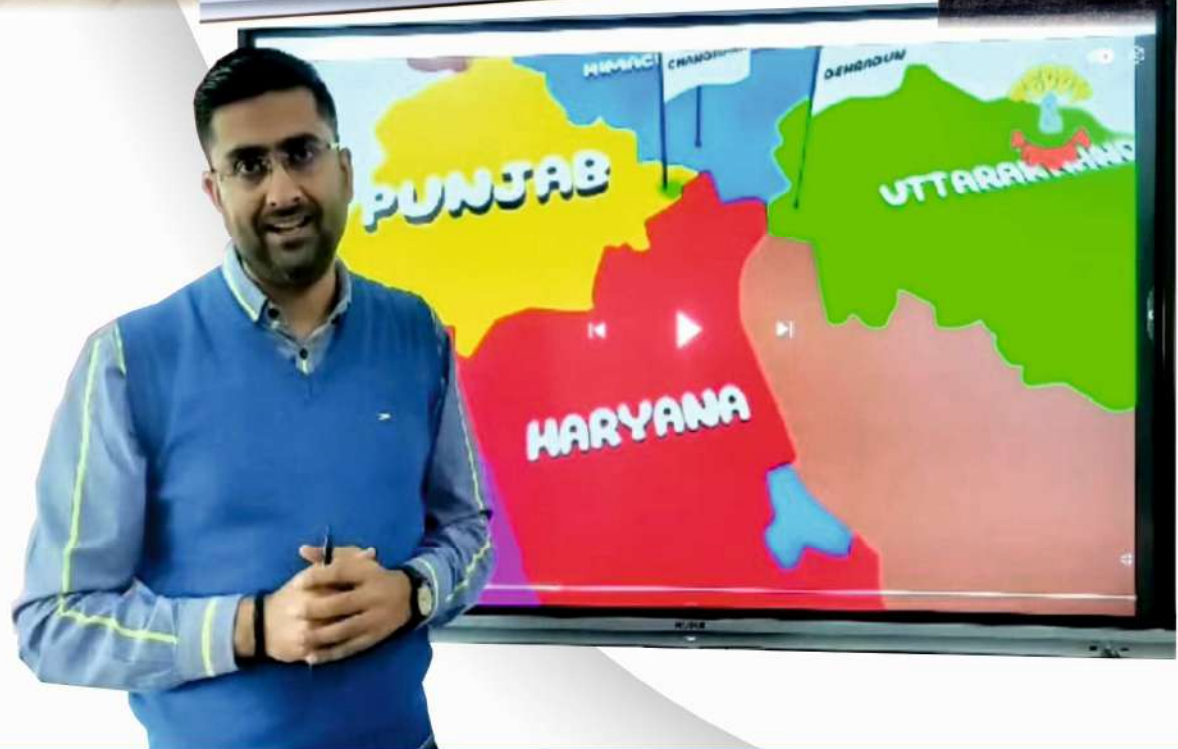

FIRST School in Bikaner to have
SMART PANELS
in all classrooms...

CLASSROOMS That are truly smart!!

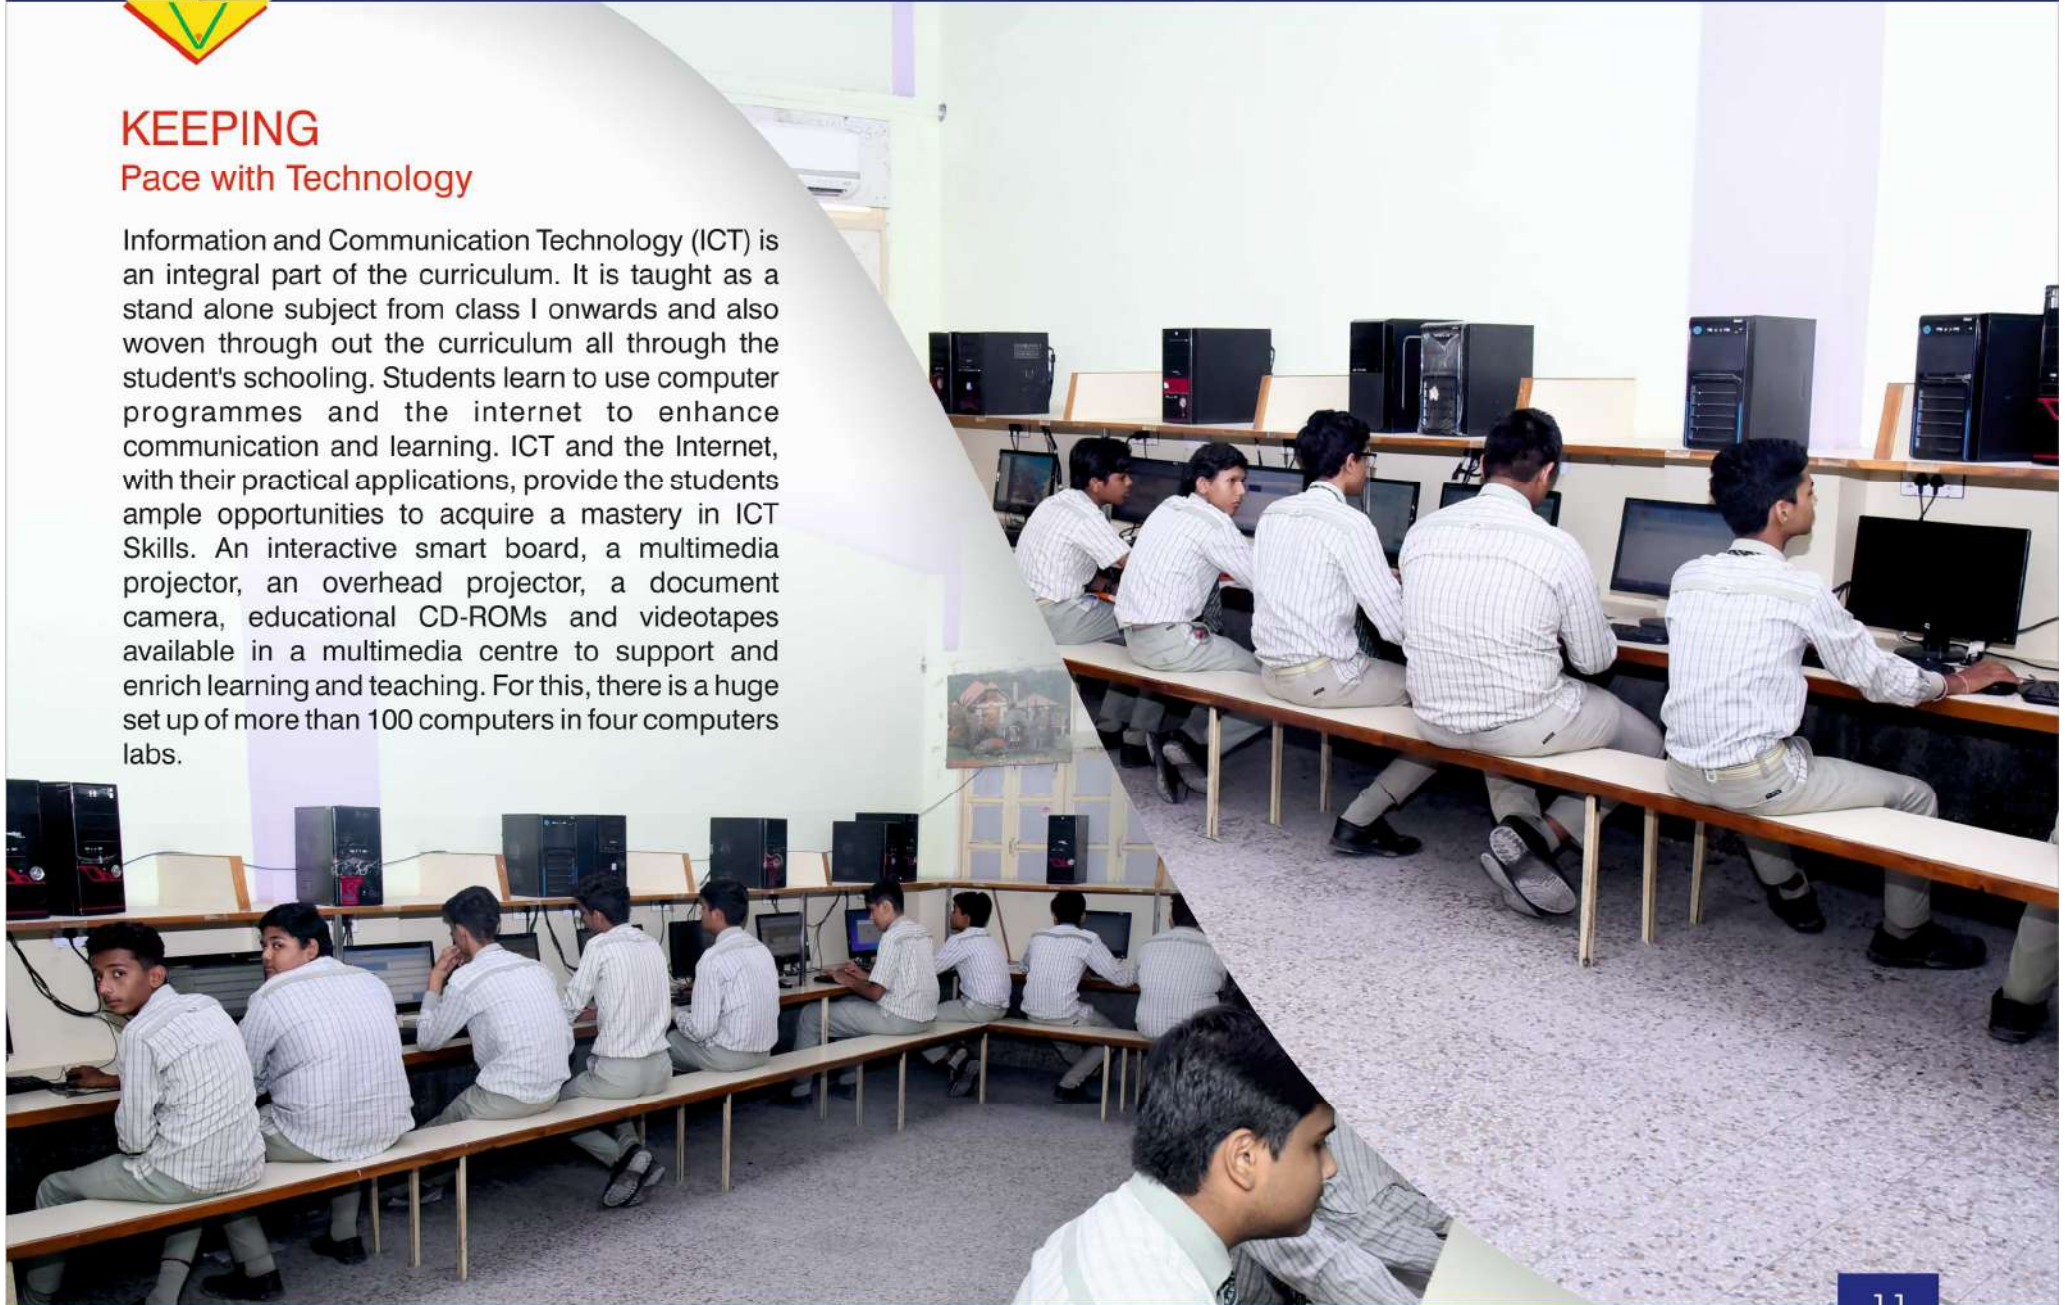

Interactive smart panels have transformed the way of teaching in schools, empowering teachers with technology inside the classroom, which helps them to explain abstract concepts with the help of 3D or 2D visuals and videos that students can understand easily. At RSV, we provide smart digital learning techniques which enable students to visualize the topic that is taught to them. The result is faster and accurate understanding of the concepts in class which improves the overall academic performance of students.

KEEPING Pace with Technology

Information and Communication Technology (ICT) is an integral part of the curriculum. It is taught as a stand alone subject from class I onwards and also woven through out the curriculum all through the student's schooling. Students learn to use computer programmes and the internet to enhance communication and learning. ICT and the Internet, with their practical applications, provide the students ample opportunities to acquire a mastery in ICT Skills. An interactive smart board, a multimedia projector, an overhead projector, a document camera, educational CD-ROMs and videotapes available in a multimedia centre to support and enrich learning and teaching. For this, there is a huge set up of more than 100 computers in four computers labs.

Physics

LABORATORIES

Our laboratories are equipped with a wide variety of apparatus which supplement and strengthen concepts learnt in the classrooms. Models and flowcharts placed in there make room for innovative methods of teaching scientific concepts, thus touching the inquisitiveness of the young minds.

SCIENCE CLUB

To kindle the love for Science and instill a learning by doing approach in students we have a dedicated Science club in school. Self-expression, independent research, constructive activities, etc., are some of the opportunities provided by the science club. Science club channelizes the energies of students and make use of their skills and talents, which satisfy their instincts and urges and helps in their overall personality development. Science club works in association with classroom instruction of science subjects.

LIBRARY

School library is a place for students to expand their horizons. It helps by providing access to the current, adequate and appropriate knowledge base. We have a well equipped and modern library in the campus filled with plenty of books, encyclopedias and dictionaries/thesaurus.

MUSIC

RSV nurtures the talent that is hidden in every individual. Learning music encourages craftsmanship and stimulates intellectual curiosity. Instilling music early in childhood can encourage a positive attitude towards learning and curiosity. Artistic education stimulates creativity and expands the child's mind. School offers training program for classical as well as western music.

KIDS PLAY AREA

Play is work for preschoolers. When they're learning and playing with joy, then it's a positive experience. They develop a positive approach to learning. A dedicated play area for our kindergarten students filled with swings and toys, is perfect place for them to unwind.

PUBLIC SPEAKING

Through debates and elocutions, the students are trained and encouraged to express their views and ideas confidently without hesitation.

ART AND DRAMATICS

These activities develop an aesthetic sense among the students and provide them a platform to express their ideas and abilities.

HOUSE SYSTEM

To impart a healthy competitive spirit among the students and to inculcate the habit of working together and training in leadership qualities, an effective House System has been introduced in the school. All the students belong to a particular House are guided, cared and controlled by a House Master & Mistress.

THE FOUR HOUSES

- 1. Ashoka House
- 2. Bose House
- 3. Pratap House
- 4. Shivaji House

It is the responsibility of the House Master/ Mistress to look after general progress of their students in academics, games, sports and co-curricular activities. Since all the competitions are held housewise, house loyalties are the strongest. A regular record of students participation and achievements in House activities is maintained and merit points are awarded to each house and students. An inter-house sports meet and cultural competition are organised. The annual Inter-house tournaments are held in all major games and prizes are awarded to the winners.

ENVIRONMENTAL AWARENESS

Environment includes all living and non-living objects. We live in the environment and use the environmental resources like air, land and water to meet our needs of development. It also means meeting the needs of people with the ever-growing demands, we are creating a serious problem of environmental degradation.

Efforts should come up from school & parents to infuse the knowledge of environmental importance among the students. The students are made to understand the importance of environment and how to conserve it.

Workshop & Seminar

Workshops and Seminars are regularly conducted in school for the orientation and updation of students from time to time by eminent Educational experts and Motivational teachers. These seminars help the students to keep themselves highly motivated and decide their goals of life so that they can plan properly for future and work accordingly.

Teacher's Training Project

Each and every administrative unit or an institution has its own policies and traditions. R.S.V. also has its own policy and objective of imparting standard and qualitative education to the students, but to enforce them properly the machinery working for it should also be familiar with the policies and objectives, so that there may be no difference in saying and doing. This training project enhances the quality of the teacher through a number of classes conducted for them. The main objective of these classes is to convey the policies and new methods of education.

Divya Jeevan Nirman Shivir

For the Physical, Mental and emotional development of students Divya Jeevan Nirmal Shivir was organised for 7 days separately for boys & girls. Students had to stay in Shivir for 24x7 hrs, with their teachers and invited acharayas. The school was changed into a gurukul and students enjoyed it a lot besides learning. Living with Motivational Gurus for this period was a totally different kind of experience. Some points which were specially focused were: Sharp Memory, Professional skills with wisdom, Positive Direction, Morality & Values.

NCC

NCC stands for National Cadet Corps, a training program for students of schools and colleges. During the training of NCC, candidates get the basic military training. This training not just inculcates the self discipline in the cadets but also kindle a keen interest towards serving the motherland by joining Defence services. Our cadets are always up for any challenges and responsibilities that come their way.

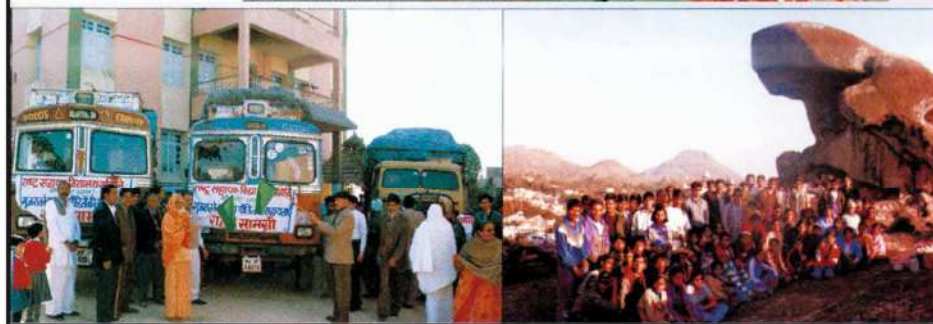

SCOUTS AND GUIDE

The whole idea behind the Scouts, is to contribute to the development of Students in gaining their full physical, mental, emotional, social and intellectual as individual human beings. Scouts Build a sense of Confidence, self-esteem, learning life skills, leadership skills, team work, adventures, education, communication skills.

ALWAYS COMMITTED TO SOCIETY
